Neurological Associates offer Neurology services that include diagnosis, treatment and prevention of illnesses that affect the brain and nervous system, such as seizures, severe headaches (migraines), trouble moving arms and legs and other problems that can affect the nervous system. Services also available are cognitive assessment, check for sensory impairment, evaluation of falls, checks for hearing impairment, vision impairment, depression, memory loss, anxiety, diagnosis and treatment for Alzheimer's, Parkinson's, and Multiple Sclerosis.

In addition to providing general neurologic care, we have specialists who treat seizures, neuromuscular diseases, sleep disorders, neuropathy, and neuro-ophthalmology. A full-range of neuro-diagnostic tests is offered including:

- EEG - Electroencephalogram
- 24-hour Ambulatory EEG
- Sleep Deprived EEG
- EMG & Nerve Conduction Studies
- Carotid Dopplers
- Visual Fields

Neurological Associates have doctors that service six hospitals in the Richmond area, including St. Mary's Hospital, Memorial Regional medical Center, Henrico Doctors - Forest Campus, Henrico Doctors - Parham Campus, Johnston-Willis Hospital and Chippenham Hospital.
