Appomattox County Health Department provides health care to the medically indigent and others when requested; provides preventive measures for disease and aids in improving the environment for area residents. The department also offers HIV/AIDS and other communicable disease testing. The department seeks to equip Virginians to achieve and maintain optimum personal health by emphasizing health promotion, disease prevention, and environmental protection.

Please visit the [website](#) to learn more about available services such as community outreach, clinic services, emergency preparedness and response, environmental health services, infant and toddler connection, vital records and WIC (women, Infant and Children Supplemental Nutrition program).
