Lynchburg Alarm Company offers alarm and monitor systems for your home. A design consultant will evaluate your home, listen to your concerns then recommend a system that protects your family from intruders and fire. They provide:

- Fire Systems that can alert you to fire in your home as well as alerting emergency services.
- Personal Emergency Response Systems (PERS) will dispatch emergency personnel to your home and notify designated family or neighbors when there is a medical alert.
- Security Alarm Systems available in both wired and wireless.
- Video Technology that communicates with your home using control systems or electronics remotely, using your web-enable device (smartphone, tablet, computer) from anywhere.
