Access Eye Centers offers primary eye care, contact lenses, adult and pediatric eye examinations. Practice specializes in cataract surgery, diabetic eye disease,

glaucoma and macular degeneration. Specializes in entire family eye care from infants to seniors. Physician performs a wide variety of contact lens fittings, including soft contacts for astigmatism, color contacts to change eye color and specialty contact lens for patients over 40 who wish to reduce the use of reading glasses. LASIK is available, dry eye therapy and NearVision Check.

70% of this practice is devoted to the 60+ aged population.

Service Area(s)
