Dentistry from the Heart is a national non-profit organization dedicated to providing free dental care for those in need. Beginning in 2008, Forest Dental Center partnered with Dentistry from the Heart to provide that same free dental care to the Lynchburg and Forest community at their annual event in September.

With a volunteer staff of 18 doctors and countless other dental staff and community members assisting, each year we're able to treat hundreds of patients who otherwise may not have received dental care. We're hoping to continue the expansion of our efforts to include more participating dental offices and volunteers to affect more lives on this special day.
