Drive Thru Flu Shot by Appointment, Cumberland Plateau

Date and Time

Weekly on Monday at 8:00am for 14 times

Event URL

[Flu shots](#)

Event Region

Southwest Virginia

Event Type

Community event

Event Description

Drive thru Flu shots are available each Monday and Wednesday by appointment at each Health Department in Cumberland Plateau Health District and Lenowisco Health District. Flu season generally peaks in December and January and it is important to be vaccinated before the flu begins to spread. Since it takes about two weeks for the flu vaccination to provide protection, the CDC recommends getting your flu shot before the end of October. Children receiving flu vaccine for the first time require two doses four weeks apart, so the first should be given in September to allow time for the second dose before the end of October. Please bring your insurance card to provide if requested. Do not attend if you are sick with COVID-like symptoms. Please wear a face covering when attending. Wearing short sleeves or roll up sleeves will be a big help. A parent or guardian must accompany those under the age of 18. For more information or to schedule an appointment, please call your local health department. Cumberland Plateau Health District: Buchanan County – 276-935-4591; Dickenson County – 276-926-4979; Russell County – 276-889-7621; Tazewell County – 276-988-5585. LENOWISCO Health District: Lee County – 276-346-2011; Scott County – 276-386-1312; Wise County/Norton City – 276-328-8000.
