The National Assistive Technology Act Technical Assistance and Training (AT3) Center is a one-stop connection to information about the Assistive Technology Act, State Assistive Technology Programs, and general assistive technology. [Explore AT \(Assistive Technology\)](#) is a clearinghouse for information and resources on many different assistive technologies.

The purpose of the AT3 Center is to provide training and technical assistance for all AT Act Section 4 State and Territory Assistive Technology Programs and to support a national internet site that makes general AT information available to the public and other stakeholders. Check back frequently as more information is continually added to the website.
