English

The Scleroderma Foundation is a non-profit membership organization providing information, education, advocacy, patient support, and funding for research toward a cure for Scleroderma. The Foundation provides research grants, sponsors medical workshops, publishes newsletters and educational literature.

Scleroderma is a group of rare, progressive diseases that involve the hardening and tightening of the skin and connective tissues.

The Foundation also provides emotional support services for patients and their families. Call 301-591-4136 for information about local support groups.
