English

The EnergyShare Program of Dominion Energy provides heating assistance in winter (for any heating source -- oil, gas kerosene, wood and electricity) and cooling assistance in the summer. It is a fuel assistance program for people in need who have either exhausted or do not qualify for federal or state assistance. EnergyShare is not income based so any customer in crisis is eligible to apply.

The EnergyShare Program provides cooling assistance in summer (help with electricity bills). Fan Care is now also part of EnergyShare. Fan Care provides fans to eligible seniors. Payments are made directly to energy vendors. The Energy Share program is funded by Dominion Energy, formerly Dominion Virginia Power.

CAPUP is formerly known as (RCAP) Richmond Community Action Program.

CAPUP offers aid to low income individuals with utility assistance.
