The Cancer Program at Holy Cross Hospital offers support groups for patients with cancer and their families and friends, at the hospital and in locations within the Silver Spring community. In these groups, people can discuss their feelings, share their fears and learn how to cope better with their condition.

A [Virtual Cancer: Thriving & Surviving Workshop](#) is available. This workshop is a free seven week workshop for those who have been diagnosed with cancer recently, in treatment or in remission. Caregivers and family members are welcome.

There are two ways to register for a class, by phone and online. To register by phone, call 301-754-8800. If you would like to register online, you can start by searching for a class by category, event title, or event location.
