Franktown Community Health Center offers dental care only as our medical services moved to Eastville. As our dental program continues to grow, our priority is to see children, pregnant women, high-risk patients, and Rural Health medical patients referred by medical providers as new dental patients. We also see patients of local dentists who have recently retired as space allows. Emergency care is available for all Eastern Shore of Virginia residents. We will see more patients in the future as our program grows.

Service Area(s)

Accomack County

,

Northampton County
