Crime Stoppers USA is a non-profit 501C(3) corporation that brings together law enforcement, the community and the news media in a joint effort to solve crime.

Citizens can call a Crime Stoppers telephone number if they have information to help solve crimes. The program pays cash rewards up to \$1,000 for tips useful to law enforcement agencies. Callers are never asked to give their names. They are never seen by law enforcement officers and never asked to testify in court. The criminal never knows about a caller's involvement in solving the case. The anonymity and confidentiality of the caller are the keys to the success of the program and its integrity in the community.

They make every effort to ensure payment is made in a prompt, confidential manner. In addition, they accommodate those individuals who may have difficulties or limitations in physically getting to a location in an effort to receive payment.
