Hearing Healthcare of Virginia offers hearing evaluations; offers latest in digital hearing instrument technology; hearing instrument repairs and cleanings. 60 day trials.

Offers a wide range of hearing aid choices, including digital and programmable technology. Identification of the patient's amplification requirements and selection of the instrument for the patient's needs and lifestyle.

Also performs computerized real ear measurements. These measurements allow us to verify that the hearing aids are providing the correct amount of amplification. We can also evaluate any hearing aids presently in use and can arrange for any repairs when necessary.
