The Institute on Aging's goal is to stimulate innovative research, education and training. It offers to the public the latest research and information on aging-related issues, through the following programs:

Aging 101: a public lecture series on healthy and successful aging. Call for next event.

Distinguished Speaker Series: lecture(s) given by a leading researcher to provide updated aging information to the community.

Symposia and workshops: meetings that bring experts on a topic related to aging.

Service Area(s)

Albemarle County
