The Partnership for Prescription Assistance (PPA) helps qualifying patients without prescription drug coverage get the medicines they need at a discount price or free. Staff will help you find the program that is right for you, free of charge. Sources include pharmaceutical companies, doctors, patient advocacy groups and civic groups.

Each patient assistance program has its own eligibility criteria. If you complete the step-by-step application process, you will be able to see if you are eligible for one or more patient assistance programs.

You may contact PPA [Send an Email](#)

PPA does not provide a drug card.
