Additional Availability Comments

Hours vary

Partners in Aging offers information about health services, educational workshops and community events to help educate the community about aging issues, including Family Caregiver and Community Outreach.

Two annual events are the Caregivers Symposium, "Help is Here" which is generally held in November of each year, and the symposium "The Art of Aging: Life Begins at Fifty" which is generally held in June of each year.

Other services include seminars on aging issues, workshop education and workshops on healthy aging.

Please contact us by email for more information.
