Call for Information

Provides residential services for persons with intellectual disabilities and related developmental disabilities. Each resident is the focus of a comprehensive assessment to determine needs. Center residents live in home-like cottages which provide the basic living and training environment for the development of daily living skills. Cottages have either single or double bedrooms for 8 - 10 individuals.

Staff provides evaluation, treatment and training in the areas of speech/language, physical and occupational therapy, recreation/leisure, vocational and audiology. The Center also offers training in self-care, language, independent living, socialization, academic/cognitive skills and motor development.

Service Area(s)

Chesapeake City
