English

The Virginia Alzheimer's Disease and Related Disorders Commission AlzPossible Initiative is a virtual center, a center without walls, to create an environment for research and exchange of knowledge regarding Alzheimer's Disease and Related Disorders. Webinars, Ask the Expert, links, list of Memory Centers and more can be found at the website.

If you are a caregiver, AlzPossible is an opportunity to connect with resources around the state, particularly through our partnerships with [www.SeniorNavigator.org](http://www.SeniorNavigator.org), [www.VirginiaNavigator.org](http://www.VirginiaNavigator.org) and [www.EasyAccess.virginia.gov](http://www.EasyAccess.virginia.gov).

If you are an older adult, AlzPossible is an opportunity to learn about statewide policy initiatives, such as the 4-year plan for Dementia Services.

If you are a professional, AlzPossible is an opportunity for you to get involved with a statewide, interdisciplinary team. Medical professionals should also be aware of our plans to establish a Virtual Memory Disorders Consultative Clinic.
