Mental Health & Wellness Services are provided to Health Brigade clients to enhance life satisfaction and well-being. They assist clients in identifying, understanding, and resolving challenges. Therapists, doctors, nurses, and other specialists work together as a team to meet each client's needs.

Because of their growing number of volunteer mental health providers, Health Brigade offers:

- Specialty mental health services (traditional 50-minute talk therapy sessions)
- Psychiatric evaluation and medication
- Support groups (such as Anger Management, Employment, LGBTQ, HIV+ clients, etc.)
- Behavioral health services (such as Smoking Cessation, Insomnia, Medication Adherence, etc.)
- Wellness services (such as Healing Touch, Meditation, Acupuncture, etc.)
- Other services (such as Legal Clinic, Voice Therapy for Trans clients, etc.)
- NOTE: Clients must be registered for services. Once a client is eligible, they can request a referral for a mental health appointment from their medical provider or health outreach provider.

Health Brigade offers medical and behavioral health services to transgender, genderqueer, gender variant, and gender non-conforming individuals. All patients are required to complete a financial screening prior to obtaining services. Screening is renewed every year.

GRTC #1 and #6 bus stops bring you within 3 blocks of us.
