Piedmont Regional Dental Clinic is not a free clinic. Dental care can include exams, fillings, extractions, teeth cleaning, root canal, sealants, crowns, partial, and dentures.

Staff is dedicated to providing low-cost dental services to underserved residents in the Piedmont region of Virginia who do not have dental insurance and financially qualify or who are covered by Virginia Medicaid. If you qualify for our services you will be asked to pay a small affordable fee for the services provided to you. If you have Virginia Medicaid, a claim will be submitted at no charge for those services covered by Medicaid and reimbursement will be made directly to PRDC for those services.

Uninsured adults and children living in households with earnings at or below 250% of the Federal Poverty Level may be eligible for reduced rates.
