If your health insurance does not cover all hospital charges, payment is expected at the time of service unless prior arrangements have been made. Chesapeake General

Hospital accepts a variety of payment methods, including cash and credit cards.

For those unable to pay in full at the time of service, the hospital will accept monthly payments on a pre-determined schedule, as stated in the hospital billing and payment policy and which is established with a credit representative or financial counselor. Chesapeake Regional Medical Center provides additional financial assistance for qualified applicants. To apply for financial assistance, a financial application and financial statement must be completed and submitted along with proof of income for initial consideration. Additional verification may be necessary in order to complete the application process.
