Sentara Williamsburg Regional Medical Center, a Certified Primary Stroke Center, has 145 licensed beds and features the latest healthcare technologies, serving the region with the life-saving capabilities of a modern medical center. The hospital provides medical care to patients in areas of cancer, cardiac, imaging, maternity, neurosciences, transplants, trauma or emergency services, urology, vascular, weight loss surgery and women's health.

Sentara Williamsburg Regional Medical Center offers a Hospitalist Program comprised of physicians who specialize in your health care seven days a week, 24 hours a day. To coordinate care of a patient's medical condition during a hospital stay, a physician may refer their patient to a hospitalist.
