The Accomack County Health Department participates in the Every Woman's Life (EWL) program.

Every Woman's Life (EWL) is a public health program that helps uninsured, low income women gain access to free cervical cancer screening services. Women must be a Virginia resident, between the ages of 40 and 64 and meet federal income guidelines and be uninsured. A limited number of screenings can also be provided to women age 18-39 who are symptomatic or high risk.

Services provided by the program include a clinical breast exam, mammogram, pelvic exam and Pap test. If a woman enrolled in EWL is diagnosed with breast or cervical cancer she may be eligible for Medicaid to pay for treatment.
