A speech therapist from OptimumCare Home Care services will provide patients of all ages with Individualized Treatment Plans. Speech Therapy can be tailored for speech-delayed children, for teens to improve communication skills, and for adults or seniors who suffer from slurred speech after a recent stroke, among other reason.

Treatment for Cognition Disorders and Training for Eating and Swallowing Strategies are also offered. Some of the services or therapies included in Speech Therapy are:

- adaptive speech devices
- therapy for expressive language delays

- dysphagia treatment, difficulty in swallowing
- minimizing articulation difficulties
