Always Best Care is a home care agency that has volunteers that will call to check on a senior once a week for no charge. This is a complimentary telephone reassurance program. This is not a medical alert service, not a substitute for medical advice so seniors should still call 911 in case of an emergency. Seniors can refer themselves or a family member or professional can refer a senior to this program. Always Best Care serves seniors or adults with disabilities who are homebound,

isolated, living alone, or in need of daily contact. They may need this contact temporarily as they are recovering from an illness or injury, or permanently. Married couples who are also homebound are eligible as well.
