Event Description

Sketching Class with Jane Skafte Wednesdays, May 27-June 17, 1:00-3:00 pm -

Online This sketching class taught by Jane Skafte enables you to discover your own style and develop a kind of shorthand that helps you find a way of working that "summarizes" the overwhelming amount of detail in any subject. Sketching, doodling and noodling — which is shading with pencil and ink to show light and dark and texture — will be covered. Open to all, but space is limited; Must Register. Standard members and guests - \$45; Prime members - Included in membership.
