LionHeart Eldercare & Consulting helps you navigate benefits, aging services, and medical and dementia care. From a one-time visit to ongoing support, they bring you the resources you need.

Individuals can think of LionHeart as their own "professional adult children". This means if your roof needs to be repaired, they will schedule someone to do it; if you need a drive to the doctor, they will take you. When you need someone to be your advocate with your family or medical specialists, they will speak up on your behalf. If you want to move, they will find out what your priorities and budget are and help you do it.
