RADAR is a non-profit corporation, which has provided rural public transit services and specialized transit primarily in the "Greater Roanoke Valley" for over 40 years. RADAR services are aimed at physically, mentally disabled, or transportation-disadvantaged individuals. Drivers are trained in passenger assistance, defensive driving, and wheelchair securement procedures to make the trip safe and enjoyable.

Ridership services include Valley Metro, The Mountain Express, Maury Express, and PART (Piedmont Area Regional Transport). All vehicles are wheelchair-accessible and each service has its own ADA (Americans with Disabilities) application on the website to be completed, submitted, and verified by a professional who is familiar with the applicant's particular disability.
