The CFPB debuted a new tool that helps renters and landlords look up rental assistance in their area and apply for assistance.

The [Rental Assistance Finder](#) is designed to help tenants and landlords take advantage of emergency rental assistance that can be used to cover rent, utilities, and other housing costs. Ultimately, the goal is to keep people in their homes.

The CFPB's site also includes resources to help homeowners, renters, and landlords navigate various financial hardships related to the pandemic.
