[Connect2Tools to Overcome Social Isolation](#)

Social Isolation is more than feeling lonely

Social isolation has reached epidemic proportions and has a negative impact on our emotional and physical health.

Did you know?

- ▶17% of adults age 65 and older are isolated
- ▶26% are at increased risk of early death due to subjective feelings of loneliness
- ▶46% of women age 75 and older live alone

Social Isolation Assessment

Are you or a loved one at risk for social isolation? [Take this assessment to find out if you are at risk.](#)
